

## Changes in Current Price of the Cafeteria's Menu/Service

Thank you for daily using the SPring-8 cafeteria. We have been making efforts not to take the strain for the cafeteria users even in the recent difficult situations of sharp rise in food prices such as vegetables, meat, fish, and rice. However, it is difficult to continue our service in the current price.

Regrettably, we would like to inform you of some changes in prices of our menu and service at the cafeteria as the following table from **Monday, January 16, 2023**. In addition, there is a revised way of providing some of the items.

In making effort to maintain the safe and healthy operations and try to keep you satisfied, we appreciate for your understanding in this matter and continued patronage.
